Dear reader

We are in the time of winter and the long bright days will soon replaced the cold winter days.

In many areas we are in a dark time due to the turbulent state of the world economy. But fortunately there are bright spots such as winter holidays.

Here at the company Anne Jensen, we will try to find the small bright spots that we know will please all our customers but also new customers who just want to try something new or pamper themselves to get a little more energy for the cold months.

New products will see the light of day in the next few months.

In addition, we are incredibly happy and proud to be able to present our new skin care package, which we believe reflects style, class and luxury.

We also come with some small gift sets in a small smart gift pack.

And last but not least, we look forward to introducing you to our new 3 in one mascara, which contains lash serum with vita cell, which are vitamins for the lashes.

We hope you will be happy with our news and look forward to a good winter with you.

Best regards

Anne Jensen

Beauty Routine

Check your skin. Do you have normal skin, sensitive skin or oil skin. Always remove old make up before sleep.

A good cleansing cream or lotion. Wash after with water and finalize with a good toner.

To choose the correct skin care products is very important. Anne Jensen invest in science. Anne Jensen improve it self from year to year and have a complete history of invention and innovations.

The past couple of years new and natural ingredient are in top and science behind them improve.

Organic and natural skin care products need to be in glass bottle and jar. If not they are not totally natural.

Natural organic ingredient will be harsh in plastic bottle. With Anne Jensen you go safe.

Ones a week use a good facial mask. Scrub mask remove old skin and dirt. Clay mask deep clean the pores,

Moisturizing mask give your skin an increased water bath which improve the skin.

What ever skin type you have a moisturizing mask is needed.

Eye cream and eye mask is important because the skin under our eyes is really thin.

Never use soap in your face if you have a normal to dry skin. Soap dry out the skin.

When you cleanse your skin you should avoid all kind of hard treatment.

Just harder you treat your skin just more the skin will start to defend it self.

The glow will only come because the skin is irritated..

The Pearl Serum

These beautifully satinated pearls immediately delight with their elegance and precious visuals. Then, they melt into a serum on application and enchant with their sensoriality. To top it all off, they merge with tensor and anti-aging active ingredients for a radiant boost effect that sublimates the skin and illuminates the complexion.

Made up of a duo of polysaccharides of natural origin, these pearls are sensorial treasures while actively protecting the skin. They act like a second skin by forming a shield on its surface to protect it from the effects of pollution. They also provide softness and comfort. The skin comes out brighter.

This anti-aging, energizing and moisturizing active ingredient is a marine complex that offers a unique source of vegetable taurine. Indeed, it combines an extract of the red alga *Jania rubens* rich in vegetable taurine to boost the energy of the skin and a carrageenan (polysaccharide extracted from red algae) with moisturizing and protective properties.

This complex provides a moisturizing flash effect (in vivo test - after a single application) and has an anti-fatigue boost action (in vivotest - after a single application) by recharging the skin with energy. These properties allow it to smooth the skin, reduce the signs of fatigue, the first signs of aging and protect the youthfulness of the skin by delaying the formation of wrinkles (in vivo tests).

These natural sugars (polysaccharides) from oats have the ability to immediately tighten the features by forming a film on the surface of the skin, providing an immediate boost and healthy glow.
